Principle Promoter,
Kairuki Pharmaceuticals Ltd,
P.O.Box 65300,
Dar Es Salaam,
Tanzania.

Dear Sir/ Madam,

I am an Analytical Chemist pursued a Bachelor of Science in Chemistry at the University of Dodoma. I have previously worked at Arusha water quality laboratory as a water quality analyst, at Sterling Surfactant Limited as a quality controller and at African Technical Research Centre-VHI as an analytical chemist and research scientist. My competence relies on Good Laboratory Practices (GLP), implementation of ISO 9001:2015 (Quality Management System Standard) and operation of laboratory instruments such as High Performance Liquid Chromatography (HPLC-Agilent), Gas Chromatography (GC-Shimadzu) and Spectrophotometer. I would like to express my interest to work at KAIRUKI PHARMACEUTICALS LTD in among the following positions; Analytical Chemist/Research Chemist, Quality Control technician, Quality Assurance or Research and development personnel. I am looking forward to become part of KPIL team and grow together as a company. Kindly view my CV attached below to find more about my academic background and other qualifications. For an interview or any other required information I can be reached via +255784392668, michaelnyahende8@gmail.com.

Hopefully I would be considered for one among the specified positions above. Sincerely,

Michael George Nyahende.
